Co-lors weave in to a spi-re of flame, dis-tant sparks call to a past still un-named.

Bear this torch a-gainst the cold of the night, search your soul and re - a -

wa - ken the un - dy - ing light!

On that day when the sky fell a-way our world came to an end. In our eyes did a

fa - ding sun rise in the dark, glim - mer - ing sha - dows.

Si - lence grows in the spa-ces between, stretch-ing out be-yond time. Ri-sing up as a

chor - us of souls find a voice flick - er - ing through the void.

These lit - tle sparks cling on to life, ev - ery one caught in the strug - gle. And then the

storms of change, they fan the flames, scatt-er-ing a - shes to the wind!

Ev - ery soul contains a whis-per of light, gleaming faint - ly as it dwin-dles from sight.
